

# Parent Communication

September 13, 2018

Hello Parents, on **Wednesday October 31<sup>st</sup>** we will be having a “**Hallelujah Party**” in lieu of celebrating Halloween. It will be a night of safe fun for our students, staff and parents. Children are allowed to wear their costume for the event however, there are **NO** scary costumes allowed. (i.e. ~~devils, witches, Freddy Krueger, ghost~~) etc. Please dress your child in a positive costume such as a doctor, bumble bee, princess, cowboy, preacher, teacher, scientist, superman etc.

Secondly we are asking the parents for donations for this event. There will be a sign-up sheet in each classroom with a list of the items needed. Please choose at least one item. Feel free to choose more if you’ d like. We are asking that all donations are at the school no later than **Friday October 26 2018!**

Finally we are asking parents if you will to sign up as a volunteer for the evening’ s festivities. This will count towards your hours that are required for parent participation by the end of the school year. Since this is open to friends and family we want to be adequately staffed for this event. There will be a need for greeters at the door, 1 adult per activity table, multiple volunteers to help with distributing taffy apples, kitchen volunteers to help with food, cleanup, and candy baskets. There will also be a need for general assistance throughout the event. (i.e.: bathroom breaks and general monitoring)

This even will **CAN NOT** be successful without your help. Please, please, please, sign up as a volunteer and make your donations as well. We are praying for 100% participation. Let’ s start the 2018-2019 school year off with a bang by making our first fundraiser and school event a grand success!

**Remember to stay prayerful!**

Warmest Regards,

Lions Math & Science Academy Staff
